LETTER FROM THE PRESIDENT

I am honored to represent BOMA GLR as President for 2011-2012. The BOMA International Conference in Washington, DC was a fabulous experience - a great learning venue and thank you for the opportunity to participate.

We have a lot of challenges with Congress and with upcoming Legislation that will affect all of our businesses. Our support of BOMAPAC will be one of my primary focuses as President of BOMA Greater Little Rock.

Environmentally there are changes which will affect all of us, both Principal and Associate members. Communicating these changes and how we can all benefit from them will be another focus of mine.

I am looking forward to an energetic, challenging and

fun year with BOMA GLR. I want to see more of you involved - it's fun, it's great networking and it won't take all of your time and it truly makes a difference for BOMA GLR to have more people involved.

Thank you so very much to Melinda Martin for being a great and patient mentor. BOMA GLR has been fortunate to have a leader like Melinda for the past year. I look forward to working with the new Board of Directors and directly working with Jennifer Lester and Rebecca Gray as Vice President and Treasurer.

Let's have a great year!!
